

Template Instructions

Use the information below to make edits to your poster using Adobe Pro.

ADDING IMAGES WITH ADOBE PRO

ADDING A PNG:

1. Right-click the PDF and select "Place Image."
2. The "Open" dialog box appears. Select "PNG" as the image file type from the "Files of type" drop-down box, select the PNG file you want to insert and click "Open."
3. The copy of the PNG is inserted into the center of the PDF page.
4. Move it to the appropriate location.

HOW TO GENERATE A QR CODE

Copy and paste the URL that you want your customers to go to into this website and download the PNG, then use the instructions above to insert it.
